Carlos Nicolas Augusto Richter

nicolasrichter27@gmail.com

Full Stack Developer

Resume

My name is Carlos Nicolás Augusto Richter and I am currently an information systems engineering student at the National Technological University.

I consider myself an active person to learn new technologies that can work in a team and help where necessary.

I'm always looking to help the team as well as learn from other developers.

I like to study new technologies to develop better applications.

I am currently looking for my first work experience, so I can continue learning from other developers.
